

# NVENT NUHEAT SIGNATURE THERMOSTAT

## THERMOSTAT CONTROLS

The nVent NUHEAT Signature thermostat is North America's first WiFi-enabled thermostat designed specifically for electric floor heating systems. Homeowners can monitor, control, and program their nVent NUHEAT floor heating system via the free Signature smartphone app (iOS and Android) or any web browser. Homeowners can access a super-intuitive user interface using the 3.5 in color touchscreen display.

The thermostat also provides homeowners with useful information such as energy usage as well as weather updates. The Signature thermostat features 7-day programmability, dual-voltage compatibility (120 V & 240 V), and built-in Class A GFCI protection. The exclusive design features a high-gloss frame and a borderless clear acrylic which blends into any modern room décor.

### SIGNATURE BENEFITS:

- Programmable WiFi-enabled floor heating thermostat
- Control thermostat via iOS/Android devices and MyNUHEAT.com
- Works with popular home assistants and home automation systems: Nest®, Amazon Alexa®, Google Assistant®, IFTTT®, Control4® and others
